My vision for BPPS

Everyone will recognise that at BPPS, the students are at the centre of everything we do.

We use our agreed and user friendly set of values to compliment and support our student welfare program.

BPPS uses Restorative Justice/Practices effectively to provide students (and parents) with skills in proactive conflict resolution strategies.

Teachers at BPPS share classroom teaching, assessment and learning practices with each other and also with teachers at other schools to improve our own and network schools’ student achievement outcomes.

Our expectation will always be that our students’ achievement in Literacy and Numeracy will be excellent and recognised as such by SMR and other schools.

Our grounds will continue to be restored and developed to be an outstanding example of a safe, exciting and attractive play space that is integrated with its natural attributes and is managed compatibly with our Sustainable School status.

The use of ICT as an integral teaching and learning tool will be an ongoing development project requiring increased high specification hardware and teacher PD to support the necessary growth of knowledge and skills.

Our students will apply higher order thinking to their learning and play – an ongoing growth.

The parent community of BPPS will have increased opportunities and motivation to be involved in their children’s school and many benefits will flow from this.

Ballam Park Primary will have a very strong focus on providing and promoting a Healthy and Active program and culture for our students and their families.

There will be increased opportunities for families to have outside normal hours access to BPPS facilities.

Partnerships that are mutually beneficial will be fostered and developed with organisations such as KPSC, Monash University, network schools, FCC, appropriate businesses and local sporting clubs.

Our students will have a reputation for being articulate, honest and responsible. While at BPPS they will develop an ability to adapt to the challenge of change, seeing it as an opportunity to make a difference. Their great futures will continually strengthen our proud tradition.
